

NEWS FROM NEW MEXICO!

We have reached team today after a full 7 hours of ministry. The team came back to the neighborhood house and for the first time did not separate back to their cultural group. Red and yellow, black and white, they were one people in His sight.

That was amazing! Pastor Rick spoke about being one team and working on keeping it that way. Each team member, young and old, committed for the last 3 days to keep us one.

Right after that the boys' team executed a great prank on Pastor Rick and Jeff. It was great.

We helped a church with block party, and the Pastor was amazed at our team. Trinity should be proud.

God is good, but please keep us and our families in prayer.
