

Dr. Ken Miller

Life does have a goal and purpose.

This statement is \_\_\_\_\_ - \_\_\_\_\_.

This statement is \_\_\_\_\_.

This statement is \_\_\_\_\_ - \_\_\_\_\_.

This statement is \_\_\_\_\_ - \_\_\_\_\_.

Our sense of purpose begins not with \_\_\_\_\_ but with

\_\_\_\_\_.

To know life we must know \_\_\_\_\_.

To have life we must know \_\_\_\_\_

\_\_\_\_\_.

To enjoy life we must know \_\_\_\_\_

\_\_\_\_\_.

Life can be lived either as \_\_\_\_\_ to God or as

\_\_\_\_\_ of \_\_\_\_\_.

Fulfilling our purpose means living in friendship  
with God.

The place of that friendship is in \_\_\_\_\_

\_\_\_\_\_.

**"Aliens and Friends" May 3, 2009**

We do not simply \_\_\_\_\_; we

\_\_\_\_\_ the friendship by \_\_\_\_\_,

\_\_\_\_\_, \_\_\_\_\_, and \_\_\_\_\_.

We learn from the one who calls us friends. He provides the

pattern for us to follow toward both the \_\_\_\_\_ and the

\_\_\_\_\_. It tells us \_\_\_\_\_ and

\_\_\_\_\_.
